X835	OSI "XPS" 3500K, 800 Series
X841	OSI "XPS" 4100K, 800 Series

To order fixtures with reduced wattage lamps supplied:

Insert the wattage in front of the lamp ordering code.

28L835 = 28W 3500K, 800 series generic lamp (factory default 28W T8)

28P841 = 28W Phillips "Alto" 4100K, 800 series lamp (specific brand 28W T8)

A wattage restriction label will automatically be supplied with the fixture.

Note: Reduced wattage lamps may require specific ballasts. Consult factory to confirm compatibility.

To order a wattage restricted fixture without lamps, add 'WRXX' to the factory options, where XX = wattage.

*see lamp guides for non-factory supplied lamps.
