BEFORE YOU BEGIN

- **Configurations are run specific, please consult factory drawings before beginning installation.**
- Luminaires must be installed by a qualified electrician (check with local and national codes for proper installation).
- To prevent electrical shock, disconnect electrical supply before installation or servicing.
- Contractor is responsible for adequately reinforcing walls and/or ceilings to support fixture weight.
- Focal Point, LLC accepts no responsibility for inadequately reinforced walls and/or ceilings.
- The information contained in this drawing is the sole property of Focal Point, LLC. Any reproduction in part or whole without the written permission of Focal Point, LLC is prohibited.

Naturals

- Common pattern repetition may be observed in individual products.
- Make efforts to evaluate product patterning during installation process.
- Product can be repositioned or rotated when possible to resolve instances of pattern repetition..
