DIMENSIONAL DATA

FEATURES

- Unique aesthetic inspired by the visual void design philosophy.
- Luminaire sizes available in 2'x2', 3'x3' and 4'x4'.
- Frosted acrylic optical diffuser produces 50/50 light distribution.
- Features Power-Up suspension system which delivers power through the suspension cables and eliminates visual clutter of separate power cord.
- Installations include grid, drywall and surface-mount/open ceilings.
- Choice of output levels to meet a wide variety of application needs.
- PoE compatible: Integrates with Power over Ethernet lighting systems via standard, low-voltage wires.

DETAILS

SPECIFICATIONS

LED System

Linear LED module incorporates premium LEDs on a robust platform to achieve excellent thermal management. Available in 3000K, 3500K, 4000K with CRI>80, 3SDCM. LED boards and drivers are replaceable.

Construction

Extruded aluminum rails and die-cast corners. 2' x 2' unit weight: 4.6lbs. 3' x 3' unit weight: 6.8lbs. 4' x 4' unit weight: 9.3lbs.

Optic

0.125" thick extruded acrylic lens.

Mounting

White satin acrylic canopy provided for below ceiling access. Canopy is field paintable. Minimum mounting height: 2' x 2': 12", 3' x 3': 18", 4' x 4': 24".

Suspension and Power

Low voltage power delivered via aircraft suspension/power cable. Adjustable suspension to 96", consult factory for longer lengths. Drivers in sheet metal enclosure above ceiling or surface mount for open ceilings. Drivers are replaceable. Standard 120-277V constant current driver includes 0-10V analog dimming. Power factor > .9. PoE compatible: Integrates with Power over Ethernet lighting systems via standard, low-voltage wires.

Emergency

Emergency Battery 10W output for 90 minutes. Maximum mounting height: 16.6ft. Emergency Circuit with Connected Solutions (WSPC, NLT1, NXE1, WLXP) shipped standard with leads to connect UL924 compliant device, by others.

Labels

UL and cUL listed. Suitable for Dry or Damp Locations, indoor use only.

Finish

Polyester powder coat applied over a multi-stage pre-treatment.

Lumen Maintenance

Reported: L90 at >36,000 hours Calculated: L90 at 100,000 hours
Derived from EPA TM-21 calculator. Based on typical conditions, consult factory for additional data.

Reliability

At Focal Point, our products are designed to stand the test of time. Each luminaire is engineered using superior components, manufactured with the utmost care and rigorously tested. Contact us for reliability data.

Warranty

LED system rated for operation in ambient environments up to 25°C. 5 year limited warranty.

Focal Point provides broad flexibility through compatibility with a wide range of indoor lighting control systems. A variety of sensors, nodes, controllers, and drivers can be specified to scale the system and meet the needs of each application across both wired and wireless networks.

Features such as daylight harvesting, occupancy sensing, dimming, and switching help save energy, reduce costs, and enhance occupant comfort. All Connected Solutions luminaires require a compatible building control system.

Controls systems supplied by others. For performance data and additional control system details, please visit the connected solutions manufacturers websites.
