

Facetta

A Fold Above

Inspired by the facets of a prism, Facetta's sharp angled profile is softened by its uniform glow, resulting in an appealing luminaire with a hint of eclecticism. Its playful and versatile design allows for the creation of unique patterns and groupings using a 2x2 recessed luminaire as a building block, adding texture and inspiration to ceiling planes. Facetta allows you to bring your imagination to life and create a powerful aesthetic for your space—the design possibilities are endless!

Get Creative

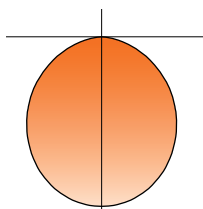

Facetta can be grouped to create different orthogonal patterns and organic arrangements. Group it. Rotate it. Stagger it. Have fun with it—and playfully create your design statement for any space.
