Focal Point® is pleased to announce the addition of Avenue 6. Designed specifically for Logix by USG, the Avenue 6 series is also compatible with other 6" specialty ceiling systems. This new series offers 1 or 2 lamp T5/T5HO fluorescent with multiple shielding options. Avenue 6 + ID™ integrates our popular square ID MR16 product with all its features and benefits.

Revit® files for Avenue 6 are available for free download at [focalpointlights.com](http://focalpointlights.com) as well as [usgdesignstudio.com](http://usgdesignstudio.com).
