SkydomeEdge®

Simplicity in shape. Versatility in style.

FOCAL POINT®

A soft indirect glow elevates interior spaces, providing a floating aesthetic. Available in surface mount only.

SkydomeEdge®

SkydomeEdge, is the new, edgy member of the Skydome® family. Its simple form, with a low-profile housing and sharp knife edge, evolves the classic look. Edge lighting technology provides high lumen outputs while procuring even and comfortable illumination. Sound-absorbing companions promote acoustic comfort, helping enhance the architecture and ambiance of interior spaces with a coordinated look.

Design Flexibility

- Three standard color options or customize with any RAL color.
- Nominal 2', 3' or 4' diameters in pendant or surface mount.

2'

3'

4'

- Optional soft glow on surface mount, independently controlled direct and indirect illumination on pendant.
- 80 or 90 CRI.

Distribution & Performance

Create the ideal light level with complete control and achieve superior performance with various lumen outputs.

- 2' direct: 2000 – 5000 lumens
- 3' direct: 4000 – 9000 lumens
- 4' direct: 7000 – 14000 lumens
- Indirect: 500 – 2500 lumens

Direct only

Direct/Indirect

SkydomeEdge® Acoustic

Sound-absorbing companion helps achieve the desired reverberation levels, enhancing the comfort and visual interest of open spaces.
