DIMENSIONAL DATA

The Naturals collection - Chestnut shown

lensed companion

## FEATURES

Narrow extruded aluminum 1.5" linear indirect LED wall mount luminaire.

Individual units and continuous runs in 1' increments.

Choice of output levels and light distributions to meet a wide variety of application needs.

Features Right Light lumen levels allowing lumen and wattage design flexibility.

PoE compatible: Integrates with Power over Ethernet lighting systems via standard, low-voltage wires.

Available with The Naturals, a series of finishes that exude biophilic beauty.

DETAILS
Standard Patterns with $90^{\circ}$ Corners

## SPECIFICATIONS

## LED System

Proprietary linear LED module incorporates premium LEDs on a robust platform to achieve excellent thermal management. LEDs are placed to promote a uniform appearance. Available in $2700 \mathrm{~K}, 3000 \mathrm{~K}, 3500 \mathrm{~K}$ or 4000 K with both 80 and 90 CRI options. 3500 K and 4000 K with CRI>90 have a cyanosis observation index (COI) of 3.3 or less. LED modules and drivers are replaceable from above. Color accuracy <3 SDCM.

## Construction

One piece extruded aluminum housing. Cast aluminum end caps. 8 ' unit weight: 12 lbs .

## Optic

Reflectors fabricated of 20 Ga . steel finished in Matte White powder coat.

## Electrical

Luminaires are pre-wired with factory installed branch circuit wiring and over-molded quick connects. Standard 120-277V constant current driver includes 0-10V analog dimming. Power factor > .9. PoE compatible: Integrates with Power over Ethernet lighting systems via standard, low-voltage wires. PoE runs require an independent PoE node and power feed for each luminaire section.

## Backup Battery / Auxillary Circut

Backup battery output - 10 watts for 90 minutes. EM/EC options do not meet UL 924 requirements.

## Labels

UL and cUL Listed. Suitable for Dry or Damp Locations, indoor use only. The Naturals: 100\% low VOC vinyl.

## Finish

Polyester powder coat applied over a multi-stage pre-treatment.

## Lumen Maintenance

| Reported: | L70 at $>61,000$ hours | Calculated: |
| :--- | :--- | :--- |
|  | L90 at $>61,000$ hours | $L 70$ at 470,000 hours |
| Derived from EPA TM-21 calculator. Based on typical conditions, consult factory for additional data. |  |  |

## Reliability

At Focal Point, our products are designed to stand the test of time. Each luminaire is engineered using superior components, manufactured with the utmost care and rigorously tested. Contact us for reliability data.

## Warranty

LED system rated for operation in ambient environments up to $25^{\circ} \mathrm{C}$. 5 -year limited warranty.

## Ordering Guide <br> Linear Circuitry, Zones \& Factory Options

## HOW TO USE THIS GUIDE

Fill out the worksheet on the following page to specify your requirements for circuitry, zones, and factory options.
Refer to the run chart for standard run configurations, consult factory for custom configurations.
Complete the Totals / Ordering Codes at the bottom of the worksheet and add to your ordering logic on the cut sheet.
Submit the worksheet along with your order.

ORDERING: FSM11W-DC-625LF-35K- 2C2Z -UNV-LD1-WM- 1DC-1EM -WH-32ft

## KEY

## C = Switching Circuit

Switched Hot / Shared Neutral

## Z = Dimming Zone

Dimming Control Wires
DL = Daylight Zone
Daylight Dimming Control Wires

## DC = Daylight Circuit

 Switched Hot / Separate Neutral
## EC = Auxiliary Circuit

Switched Hot / Separate Neutral
EM = Backup Battery Pack Unswitched Hot / Shared Neutral

ECD = Emergency Control Device Unswitched Hot / Separate Neutral

## DEFAULTS

- Zones and Factory Options illuminate entire sections from $4^{\prime}$ to 8 ' in length.
- One shared or isolated circuit and zone required per housing section.
- Limit of one EM or ECD per housing section.
- Additional electrical feed required for applications greater than three shared circuits and zones.
- Each DC, EC and ECD require an additional electrical feed.
- ECD not available in the same housing section as EC.
- Longer lead times and additional pricing may apply for custom run configurations.

## CUSTOM LENGTHS

- If partial illumination of emergency or daylight section is required, indicate in ordering guide and add "partial illumination" in Order Notes. Drawing required.
- Engineering validation required, longer lead times may apply.
