LED

DIMENSIONAL DATA

## FEATURES

Narrow extruded aluminum 4" linear direct LED.
Individual units and continuous runs in 1' increments.
Available in flush, asymmetric, asymmetric room fill, batwing, $0.5^{\prime \prime}$ or $1.5^{\prime \prime}$ pop-down lens.

LED position and lens material optimized to provide the perfect blend of high performance and visual comfort.

Tunable White: Supports human activity, well-being, and preferences with a light quality that evolves throughout the day.

Connected Solutions: Integrates with wired and wireless building lighting control systems.

PoE compatible: Integrates with Power over Ethernet lighting systems via standard, low-voltage wires.

Available with The Naturals, a series of finishes that exude biophilic beauty.

## SPECIFICATIONS

## LED System

Proprietary linear LED module incorporates premium LEDs on a robust platform to achieve excellent thermal management. LEDs are placed to promote a uniform appearance.
Available in $2700 \mathrm{~K}, 3000 \mathrm{~K}, 3500 \mathrm{~K}$ or 4000 K with CRI>80 or CRI>90, 3 SDCM or Tunable
White (2700K-6500K), CRI>80, >90. 3500K and 4000K with CRI>90 have a cyanosis observation index (COI) of 3.3 or less. LED modules and drivers are replaceable from below.

## Construction

9-12' luminaires ship on $13^{\prime}$ ( $1577^{\prime \prime}$ ) pallets, forklift extensions of $72^{\prime \prime}$ are required to avoid damage. One piece extruded aluminum housing. Die cast aluminum end caps.
$2^{\prime}$ unit weight: $10 \mathrm{lbs} ., 3$ ' unit weight: $14 \mathrm{lbs} ., 4$ ' unit weight: $18 \mathrm{lbs} ., 5$ ' unit weight: $22 \mathrm{lbs} .$,
12 ' unit weight: 48 lbs.

## Optic

Reflectors fabricated of 22 Ga . steel finished in High Reflectance White powder coat. Flush and Batwing extruded acrylic lens $.085^{\prime \prime}$ thick with satin finish, up to 12 continuous. Pop-Down lenses extruded acrylic lens $.06^{\prime \prime}$ thick with frosted finish.

## Electrical

Luminaires are pre-wired with factory installed branch circuit wiring and over-molded quick connects. Standard 120-277V constant current driver includes 0-10V analog dimming. Dimming range $100 \%$ to $10 \%$. Power factor > .9. PoE compatible: Integrates with Power over Ethernet lighting systems via standard, low-voltage wires. PoE runs require an independent PoE node and power feed for each luminaire section.

## Emergency

Emergency Battery output - 10 watts for 90 minutes. Maximum mounting height: 20.18ft.
Emergency Circuit with Connected Solutions (DLM1, LMFS1, LMFSD, NLT1, ENL1, CLM1,
NXE1, WLXP) shipped standard with leads to connect UL924 compliant device, by others.

Labels
UL and cUL listed. Suitable for Dry or Damp Locations, indoor use only.
Finish
Polyester powder coat applied over a multi-stage pre-treatment. Canopy and cord white as standard. The Naturals: $100 \%$ low VOC vinyl.

Lumen Maintenance

| Reported: | $L 70>61,000$ hours | Calculated: $L 70$ at $>480,000$ hours |

|  | $L 90>61,000$ hours | $L 90$ at $>128,000$ hours |

(Derived from EPA TM-21 calculator. Based on typical conditions, consult factory for additional data.)

## Reliability

At Focal Point, our products are designed to stand the test of time. Each luminaire is engineered using superior components, manufactured with the utmost care and rigorously tested. Contact us for reliability data.

## Warranty

LED system rated for operation in ambient environments up to $25^{\circ} \mathrm{C} .5$-year limited warranty.

## MOUNTING INFORMATION

## DIRECT ASYMMETRIC

 Standard Application Example

DIRECT ASYMMETRIC ROOM FILL Standard Application Example

Seem

Focal Point provides flexibility in meeting the needs of each project by integrating with several building lighting control systems. A variety of sensors, drivers and other components can be specified that allow the luminaires to communicate with wired and wireless networks. All zoning can be digitally reconfigured through the application software. Daylight harvesting, occupancy sensing, integration with HVAC systems, and individual controls enable the monitoring and modulating of light levels and temperature in order to save energy, reduce costs and maximize occupants' comfort. All Connected Solutions luminaires require a compatible building control system. ${ }^{\dagger}$

## Ordering Guide <br> Linear Circuitry, Zones \& Factory Options

## HOW TO USE THIS GUIDE

Fill out the worksheet on the following page to specify your requirements for circuitry, zones, and factory options.
Refer to the run chart for standard run configurations, consult factory for custom configurations.
Complete the Totals / Ordering Codes at the bottom of the worksheet and add to your ordering logic on the cut sheet.
Submit the worksheet along with your order.

| $\begin{aligned} & m \\ & \times \\ & \frac{1}{8} \\ & \frac{0}{0} \\ & \Gamma \end{aligned}$ | TOTAL RUN LENGTH: |  | 32ft | JOB NAME: |  | FIXTURE TYPE: |  |  |  |

## KEY

C = Switching Circuit Switched Hot / Shared Neutral

## Z = Dimming Zone

Dimming Control Wires
DL = Daylight Zone
Daylight Dimming Control Wires

## DC = Daylight Circuit

Switched Hot / Separate Neutral

## EC = Emergency Circuit

Switched Hot / Separate Neutral

## EM = Emergency Battery

 Unswitched Hot / Shared NeutralECD = Emergency Control Device
Unswitched Hot / Separate Neutral

## DEFAULTS

- Zones and Factory Options illuminate entire sections from $4^{\prime}$ to 8 ' in length.
- One shared or isolated circuit and zone required per housing section.
- Limit of one EM or ECD per housing section.
- Additional electrical feed required for applications greater than three shared circuits and zones.
- Each DC, EC and ECD require an additional electrical feed.
- ECD not available in the same housing section as EC.
- Longer lead times and additional pricing may apply for custom run configurations.

## CUSTOM LENGTHS

- If partial illumination of emergency or daylight section is required, indicate in ordering guide and add "partial illumination" in Order Notes. Drawing required.
- Engineering validation required, longer lead times may apply.
