5

D

BASE INSTALLATION

2

Use additional packaging stack
to support LED Module

CC

B

3

E

4 [OPTIONAL] Adjustable Leveling Feet

C

⚠ Hand tighten only. Do not overtighten.

5

⚠ Do not lift by LED Module

Team lift recommended

6 [OPTIONAL] Adjustable Leveling Feet

F

Raise (counter-clockwise) or lower (clockwise) height of Adjustable Leveling Feet to level Tazo on uneven surface.
Maximum adjustment: 1/4"

7 ⚠ Level X Axis

Levelling procedure (Steps 7 & 8) must be done whether there are Leveling Feet or not.

8 ⚠ Level Y Axis

9

INTEGRATED LIGHTING CONTROLS OPERATION

Push to turn light on

Increase light Intensity

Decrease light Intensity

Push to turn light off
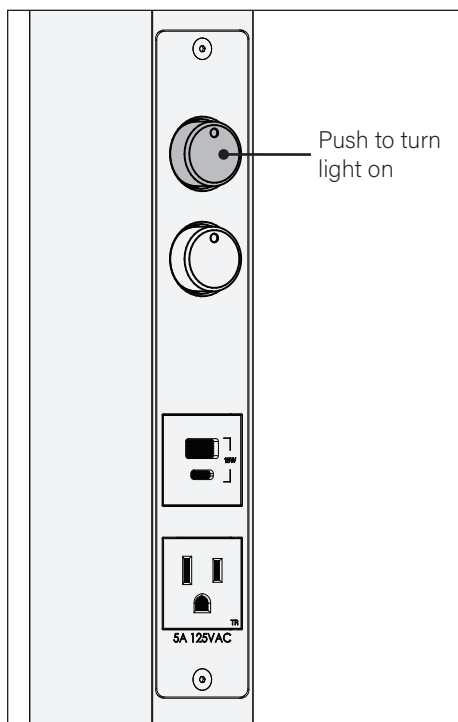

WIRELESS LIGHTING CONTROLS OPERATION

Light on

Non-functioning from factory

Press and hold to increase light intensity

Press and hold to decrease light intensity

Light dims to off
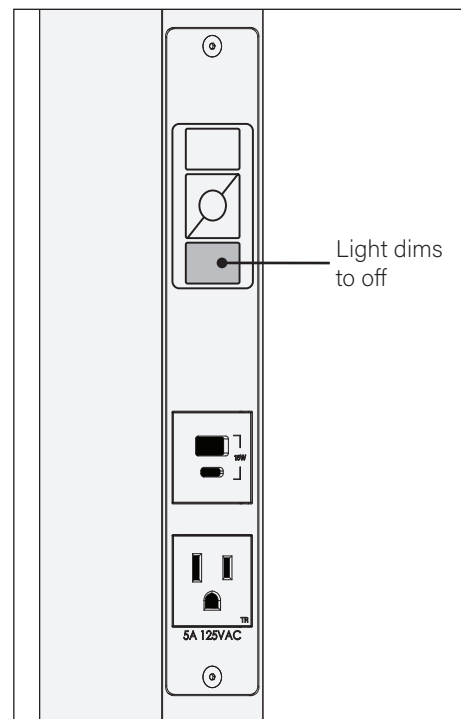

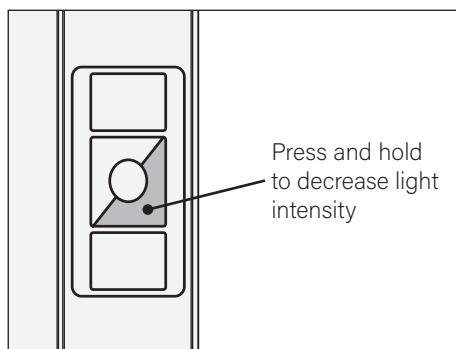

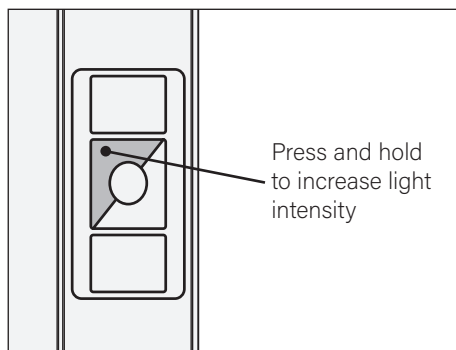

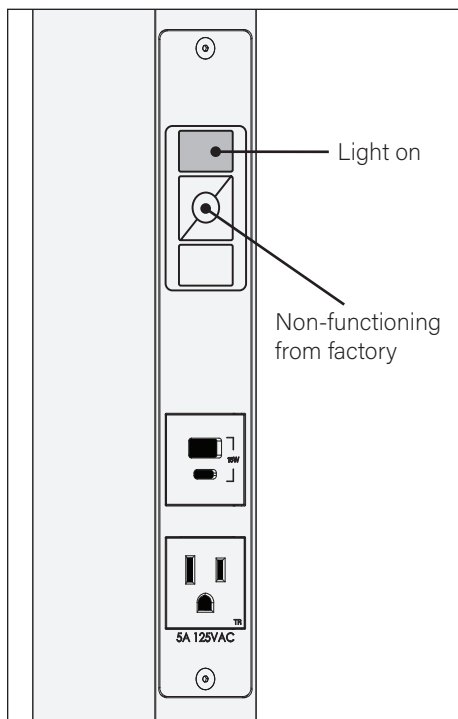

See manufacturer's instructions for additional wireless/network connectivity information.

INTEGRATED POWER OUTLET OPERATION

USB-A and USB-C combination outlet: 15W shared

5A tamper-resistant outlet (125VAC)

Product is suitable for small to medium electronics, such as:

- Mobile device
- Tablet
- Computer
- Computer monitor
- Desktop inkjet printer

Product is not recommended for electrical devices with significant electrical draw, such as:

- Power strip
- Extension cord
- Heater
- Vacuum cleaner
- Copy machine/printer

CLEANING

1

Use dry erase whiteboard cleaner and microfiber cloth to clean surface.

2

Spray a small amount of cleaner onto the microfiber cloth.

3

Wipe the surface gently to remove fingerprints or dust.

⚠ Do not use solution on lens or louvers.

DIMMING CONTROLS REFERENCE

Ordering Code	Description	Dimming Controls	Diagram	Occupancy	Network Control	Quantity of Electrical Connections
1C	All on/off			-	-	1
