

# FACETTA

A Fold Above

2x2

## **FACETTA** A Fold Above

Inspired by the facets of a prism, Facetta's sharp angled profile is softened by its uniform glow, resulting in an appealing luminaire with a hint of eclecticism. Its playful and versatile design allows for the creation of unique patterns and groupings using a 2x2 recessed luminaire as a building block, adding texture and inspiration to ceiling planes. Facetta allows you to bring your imagination to life and create a powerful aesthetic for your space—the design possibilities are endless!

## Get Creative

Facetta can be grouped to create orthogonal patterns and organic arrangements. Have fun with it—and playfully create your design statement for any space.

## Ease of Maintenance

The one-piece hinging optical assembly allows for easy access to LEDs and drivers.
