

Seem® 2

Suspended, Surface Mount and Wall Mount

Sleek 2.5" aperture linear luminaires, Seem® 2 Direct and Direct/Indirect are designed to coordinate and engineered to ease the installation process. They combine clean aesthetic with high performance to impart a glowing linear elegance to interior spaces. They offer flexibility to meet the needs of diverse spaces with suspended, surface mount, and wall mount options – in individual units, continuous runs or patterns – in 1-foot increments and multiple finishes: Black, Titanium Silver, and Matte White, as well as various lumen outputs.

- Individual units, continuous runs or patterns with 90-degree corners in 1' increments
- Flush, 0.5" Pop-Up*, 0.5" Pop-Down, and 1.5" Pop-Down lens options
- Symmetrical and Batwing** distribution options
- Direct/Indirect light levels may be specified and controlled independently
- Lumen output range:
 - Direct 125–1000 lumens per foot
 - Indirect 250–1250 lumens per foot
- Available in 80 or 90 CRI options
- Simple 6-step installation
- Simplified joining and alignment mechanism

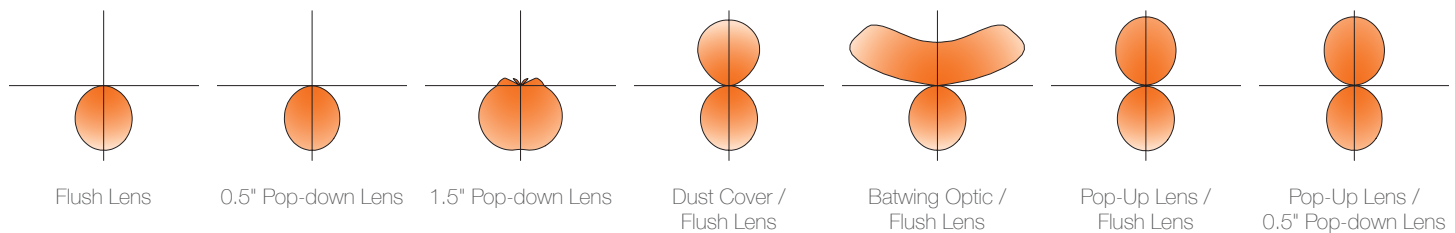

Seem® 2

Suspended, Surface Mount and Wall Mount

The broad distribution of the Indirect batwing optic allows for spacing up to 16' on center with 3:1 ceiling uniformity with a 24" suspension.

OPTICS & PERFORMANCE

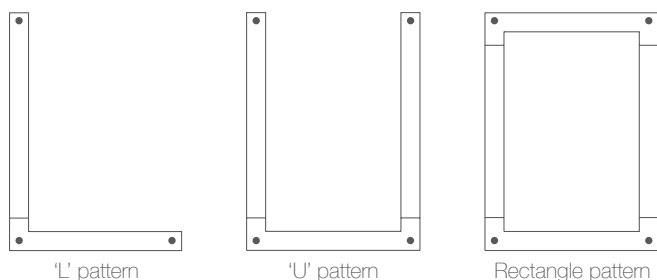

A slim linear housing delivers a soft, yet powerful and even illumination, ideal for corridors, offices, hospitality areas and conference rooms.

DESIGN FLEXIBILITY

Create compelling spaces using standard and custom patterns of Seem 2 Direct or Direct/Indirect with a single suspension point at each intersection, delivering a clean, unobtrusive aesthetic.
