Seem 1 Family

A narrow, nominal 1.5" aperture LED luminaire that delivers design flexibility with a clean visual aesthetic, Seem 1 supports diverse applications with modern finishes, individual lengths, and continuous runs in a variety of mounting styles: recessed, suspended, surface mount, and wall mount. Several shielding, color temperature, and distribution options provide the perfect blend of high performance and visual comfort.

The broad family goes beyond illumination with an acoustic luminaire and baffle system that leverages the narrow aperture and advanced light engine of Seem 1 while mitigating reverberation issues to deliver more comfortable environments.
